UPLIFT LEARNER OUTCOMES

Content Engine • Adaptive Learning • Diagnostics • Experience

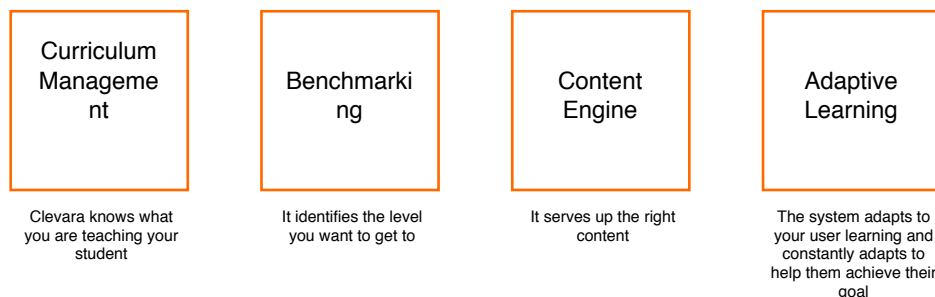

www.clevara.com

Clevara is an end-to-end, modularised learning platform that helps organisations and content providers uplift their learning outcomes.

A powerful, flexible, cloud-based solution, Clevara brings together an integrated approach to learning design, diagnostics, content and learning pathways.

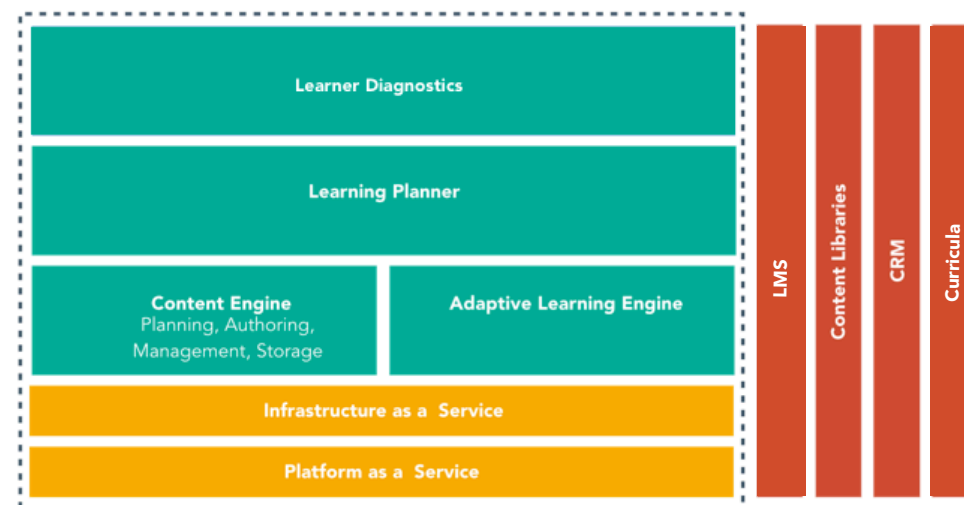

So how do we uplift learner outcomes? It's simple. The platform is customised specifically to help your learners reach their goals. From a unique learning interface, a hand crafted adaptive algorithm serving them the right content at the right time; every element of the platform is customised and designed to help your learners get to where they want to be.

Clevara is modularised, flexible and cloud-based which allows us to offer:

- 80% cost saving when compared with bespoke development
- significant uplift in revenues
- the opportunity to unlock new revenue streams
- Value-driven approach linking your investment with your ROI
- Accelerated deployment allowing you to get to market faster.

HOW IT WORKS

Key:

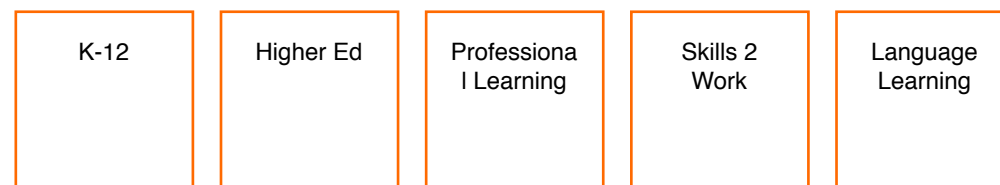

We identify the modules you need and customise them to meet your learners needs.

Built on:

WHO IS CLEVARA FOR?

The platform has been created to work across the full spectrum of learning. Because we customise each experience, the same platform can deliver powerful results to children starting to read or Doctors looking to stay up to date, it can help school leavers find apprenticeships or help someone learn a new language.
